

# Door & Security Screen Business – Price dropped to Sell at $299,900 + Stock

Door and security screen supply, manufacture, and installation business for sale in the Noosa region, Sunshine Coast. There is a lot of construction happening on the Sunshine Coast, and that building boom needs doors, screens, and security fittings. This business has been supplying and installing them for over 20 years.

It's not a startup chasing its first client. It's an established operation with a professional showroom, a fully equipped workshop, and a team who already know the job, the suppliers, and the customers. Buy this and you're not building a business from nothing, you're stepping into one that already works.

Here's what that looks like day to day: steady residential and commercial work, supplier relationships that took two decades to build, and a client base that keeps coming back without needing to be chased. The next owner has room to grow it further too, through a stronger digital presence and by adding complementary product lines the current owner hasn't gotten around to.

The price tells you how serious this is. It was $400,000. It's now $299,900, firm. That's not a number designed to start a negotiation, it's a number designed to get this sold to the right buyer quickly.

If you're a tradie ready to own the business instead of working in one, an operator looking for your next acquisition, or an investor who wants a proven Sunshine Coast business at a genuinely reduced price, this is worth a phone call before someone else makes it.
